TOP 5 DATA HIGHLIGHTS

1 Mental Health

2 Substance Use

3 Overweight/Obesity

4 Healthcare Access

5 COVID-19

COUNTY DEMOGRAPHICS

- 1. Gender (1,7)**
 - Male- 48.1%
 - Female- 51.9%
- 2. Age (1,7)**
 - 18 to 39- 37.1%
 - 40 to 64- 42.9%
 - 65 and up- 25.3%
- 3. Ethnicity (1,7)**
 - Hispanic- 4.3%
 - Non-Hispanic White- 88%
- 4. Poverty (1,7)**
 - Lowest-income- 17.5%
 - Low-income- 22.9%
 - High-income- 59.6%

Sources 1 and 7 listed on final slide.

POSITIVE TRENDS: COMMUNITY STRENGTHS

1. Decrease in tobacco use ⁽⁹⁾
 - Adult tobacco use- 17.6% (2018) to 13.3% (2021)
 - Workplace secondhand smoke exposure- 18.2% (2018) to 7.4% (2021)
2. Community resilience (single-year data) ⁽⁹⁾
 - 88.1% are confident in their ability to stay hopeful in difficult times
 - 79.8% have someone to rely on for help or support if needed
3. Increase in food security ⁽⁹⁾
 - 76.6% (2018) to 81.1% (2021)

Source 9 listed on final slide.

“People coming together to care for and support friends, relatives, and neighbors who were in need.”
-Social Services Provider (10)

NEUTRAL & NEGATIVE TRENDS: AREAS FOR GROWTH

- Increase in adult binge drinking ⁽⁹⁾
 - 6% (2018) to 12.5% (2021)
- Increase in obesity
 - Adult- 32.5 (2018) to 41.2% (2021)⁽⁹⁾
 - Child (ages 10-17)- 16.1% (2018-2019) to 19.8% (2019-2020)⁽²⁾

NEUTRAL & NEGATIVE TRENDS: AREAS FOR GROWTH (CONTINUED)

Poverty ⁽⁸⁾

- Total population- 13.4% (2015-2019) to 13.9% (2014-2018)
- Child- 22.6% (2015-2019) to 23.4% (2014-2018)

Source 8 listed on final slide.

NEUTRAL & NEGATIVE TRENDS: AREAS FOR GROWTH (CONTINUED)

Unable to access care in the past year ⁽⁹⁾

- Mental Health- 18.2% (2021) to 9.4% (2018)
- Dental- 17.2% (2021) to vs. 15.7% (2018)
- Medical- 9.5% (2021) to 8.7% (2018)

WHAT ELSE AFFECTS HEALTH?

Social influences of health:

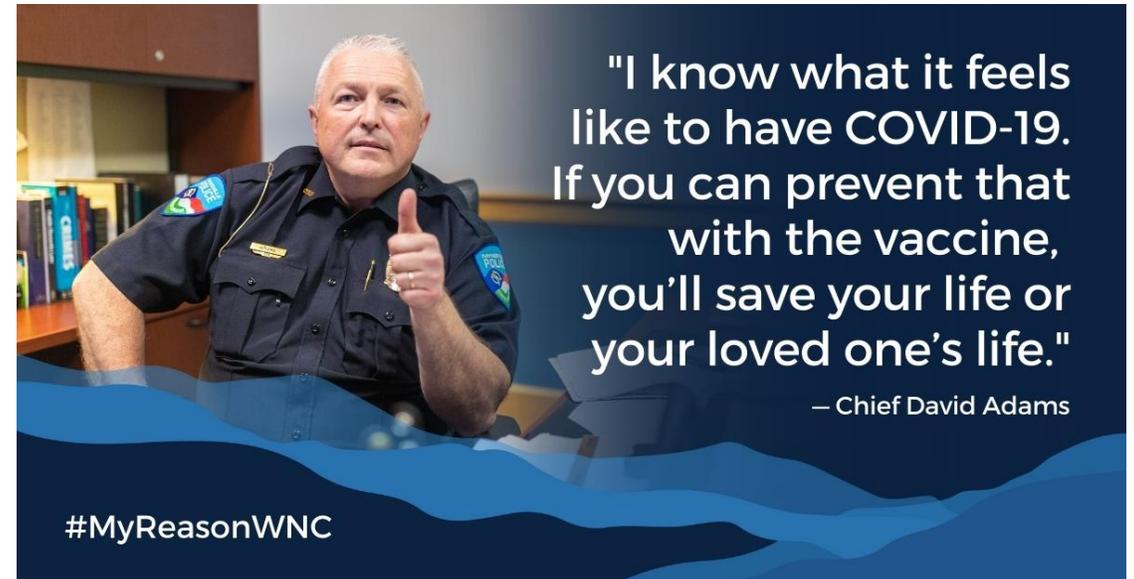

- Transportation
- Housing
- Computer and internet access
- Education
- Air and water quality

Groups most at risk include those:

- Living in poverty
- Belonging to Historically Marginalized Populations
- With poor mental health
- Who are overweight or obese
- With multiple Adverse Childhood Experiences (ACEs)

IMPACTS FROM COVID-19 PANDEMIC

1. Lost job- 19.2% ⁽⁹⁾
2. Lost work hours or wages- 24% ⁽⁹⁾
3. Lost health insurance coverage- 12.1% ⁽⁹⁾
4. Chose to go without needed health care- 26.1% ⁽⁹⁾

“

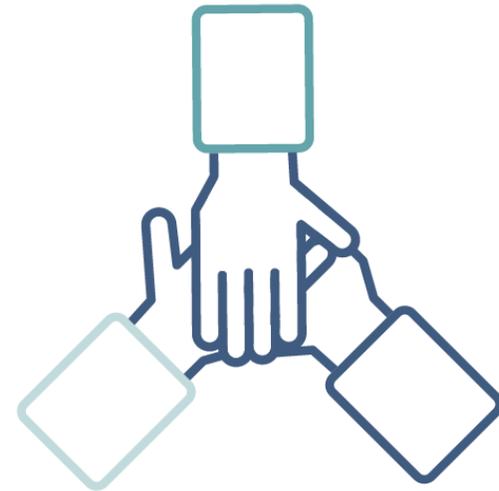

THE TEAMWORK AND WILLINGNESS TO PARTNER TO HELP OTHERS HAS BEEN PROFOUND, ESPECIALLY AS RELATED TO FOOD, SHELTER AND COVID VACCINATIONS.⁽¹⁰⁾

”

-COMMUNITY LEADER |

LOCAL PROCESS

1. Internal data review by public health education staff
2. External data review by community team
3. Prioritization meeting
 - Data review
 - Scoring and voting on priorities

PERCENT OF VOTES FOR TOP HEALTH ISSUES

■ Chronic Disease

■ Healthcare Access and Quality

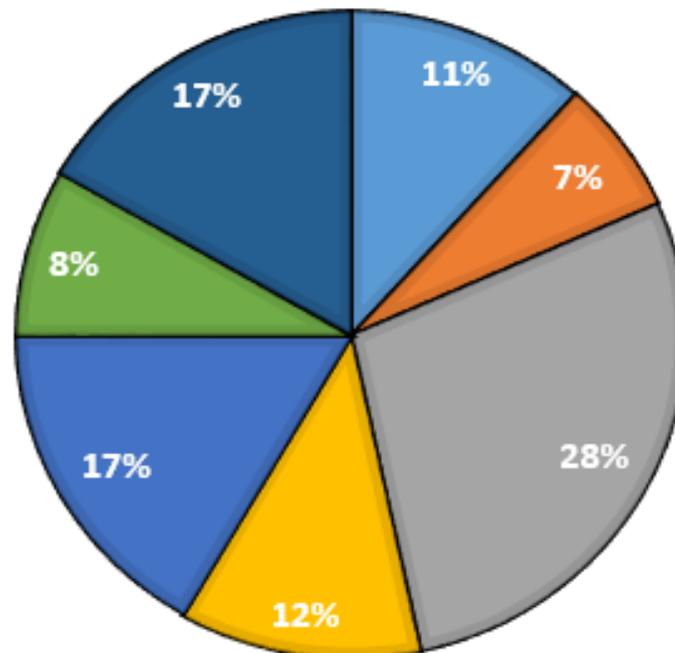

■ Mental Health

■ Nutrition and Physical Health

■ Obesity

■ Social Determinants of Health

■ Substance Use

WHO'S INVOLVED?

1. Community-based organizations
2. Healthcare
3. Government

MENTAL HEALTH

Adverse Childhood Experiences are linked to an increase in mental illness.⁽³⁾

23% of adults report more than seven days of poor mental health in the past month (increase from 2018).⁽⁹⁾

Current actions: local treatment providers; National Alliance on Mental Illness; Haywood Regional Medical Center behavioral health unit; focus on resilience and trauma-informed systems of care.

OBESITY

Obesity is a significant risk factor for illness and death from heart disease and diabetes. It also increases risk for chronic diseases such as osteoarthritis, liver and kidney disease, sleep apnea, and depression.⁽⁶⁾ Heart disease is the leading cause of death in Haywood County.⁽⁵⁾

72% of the county's adults are overweight or obese⁽⁹⁾.

Current Actions: Haywood 4 Good community wellness program; Diabetes Prevention Program; Greenway feasibility study; county recreation Master Plan update.

SUBSTANCE USE

Substance use and misuse is a great community concern and reflects other factors such as mental health and social determinants of health.

Over 36% reported that their life has been negatively affected by substance use (self or someone else).⁽⁹⁾

Current actions: NC Lock Your Meds and Quitline campaigns; naloxone distribution; grant funding addressing Opioid Use Disorder; tobacco-free ordinances. Actions are supported by existing partnerships (Substance Use Prevention Alliance, Recovery Alliance Initiative).

HOW TO GET INVOLVED?
