- Other - Please Describe: Substance Abuse

### Tobacco

- **Reduce tobacco use\* by middle school students, grades 6 through 8.**  
**Target:** 8.0 percent.  
**Baseline, 1999:** 18.4 percent of adolescents, grades 6 through 8, used tobacco products.
- **Reduce tobacco use\* by high school students, grades 9 through 12.**  
**Target:** 19.1 percent.  
**Baseline, 1999:** 38.3 percent of students, grades 9 through 12, used tobacco products.

INTERVENTIONS, SETTING, & TIMEFRAME	COMMUNITY PARTNERS' Roles and Responsibilities	EVALUATION MEASURES
<p><b>Marketing Activities</b> related to this community objective:</p> <ul style="list-style-type: none"> <li>• Website</li> <li>• E-mail</li> <li>• Flyers/brochures</li> <li>• Newspapers</li> <li>• Radio</li> </ul>	<p>Lead agency is <u>Haywood County Health Dept.</u> This agency will coordinate the way to disseminate information with action teams, write, co-write or edit press releases, update website, develop or co-develop flyers.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>▪ The Mountaineer will publish monthly mental health articles – rotating topics based on the expertise of those on the action team.</li> <li>▪ The PEAK am 1400 will host a month radio talk with Healthy Carolinians Coordinator and sometimes member of an action team or community member</li> </ul>	<p>Progress to date in marketing these interventions:</p> <ul style="list-style-type: none"> <li>• New website is currently in use and regularly updated as of Feb. 2, 2009</li> <li>• All action teams are regularly updated through e-mail. A mass distribution list has been created and used to Fitness Challenge participants who have an e-mail address to inform about ongoing Fitness activities throughout the community</li> <li>• Flyers/brochures are created for every event/project we are promoting and distributed throughout the community in a variety of ways</li> <li>• The three newspapers, Mountaineer, Asheville Citizen Times, and Smoky Mountain News are sent all press releases. This is also where substance abuse articles written by team members will be in the Mountaineer newspaper at least two times per year.</li> <li>• The two local AM stations, The PEAK am 1400 and WPTL AM 920 air recorded PSA's about the partnership and events we are trying to promote</li> </ul>
<p><b>1. Intervention:</b> Provide lunch and learn to law enforcement, probation officers, nurses, school representatives and churches who offer addiction focused programs</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009 – June 2012</p> <p>Level of Intervention:  <input type="checkbox"/> Individual-change Intervention (individual or participant based)  <input checked="" type="checkbox"/> Community-change Intervention (community or population based)  <input type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Haywood County Health Dept.</u> This agency will be the main coordinator of all attending, recruit speakers, and create a resource list based on those who attended.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>• Mountain Top Healthcare will help find credible testimonial or medical professional to present and MD recommendations on topic of focus</li> <li>• Law enforcement will provide a speaker</li> <li>• Churches will provide a speaker</li> <li>• School nurses will provide a speaker</li> <li>• School representatives will provide a speaker</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Goal: provide event twice a year</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• With evaluation survey at the end of the lunch and learn, 75% of the attendees will respond that the event was useful and will collaborate with those who attended.</li> <li>• Treatment providers will become more informed of other services in the community and be able to collaborate more</li> <li>• Those present will become more informed and educated about the topic of focus</li> </ul>
<p><b>2. Intervention:</b> Provide evidence based substance abuse prevention programs to youth</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009-June 2012</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention (individual or participant based)  <input type="checkbox"/> Community-change Intervention</p>	<p>Lead agency is <u>Smoky Mountain Prevention Services</u></p> <p>This agency will contract with providers to teach the program</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>• Mountain Projects will help find the programs and teach the program</li> <li>• HCHD will help find existing groups to give presentation to</li> <li>• 30<sup>th</sup> Judicial Alliance will teach positive parenting</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Will provide at least two programs per year.</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• Over the course of 4 years, 30 youth will have participated in the programs</li> </ul>

<p>(community or population based)  <input type="checkbox"/> System-change Intervention          (change in policy, law, structure, or entire organization)</p>		<ul style="list-style-type: none"> <li>• Goal: Youth will become more educated through these programs and make better choices about substance abuse.</li> </ul>
<p><b>3. Intervention:</b> TATU (Teens Against Tobacco Use): High school students will teach 5<sup>th</sup> grade students tobacco education classes</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy):          1999 – Current/Ongoing</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention          (individual or participant based)  <input type="checkbox"/> Community-change Intervention          (community or population based)  <input type="checkbox"/> System-change Intervention          (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Haywood County Health Department</u>.</p> <p>This agency will coordinate the presentations with the schools, plan and present training to students, support students during presentations</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>• Health and Wellness Trust Fund will provide financial and technical support</li> </ul>	<p>Intervention: <input type="checkbox"/> New <input checked="" type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b>          Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Goal is to train a minimum of 10 students</li> <li>• Goal is to present to all 5<sup>th</sup> grade students in Haywood County</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• Tobacco rates will decrease by 5% (based on the baseline survey completed in spring 2009) (Refer to evaluation methods mentioned in the evaluation section of intervention #3)</li> <li>• Students will choose not to smoke.</li> <li>• Students will become educated about the negative consequences of tobacco on the body</li> <li>• Students will share this information with a family member when they go home and may encourage them to quit using tobacco</li> </ul> <p><b>For Ongoing and Completed Interventions - Progress to Date:</b>          Quantify what you have done (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Approx. 650 5<sup>th</sup> grade students are see the program each year</li> </ul> <p>Quantify the health outcomes achieved (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• Students will be encouraged not to use tobacco.</li> <li>• Students will become educated about the negative consequences of tobacco on the body</li> <li>• Students will share this information with a family member when they go home and may encourage them not to use tobacco.</li> </ul>
<p><b>4. Intervention:</b> TABU 21– Provide peer taught alcohol education programs to after school, summer camps, and drivers education</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy):</p>	<p>Lead agency is <u>Haywood County Haywood County Schools and Haywood County Health Dept.</u></p> <p>These agencies will collaborate to provide training to schools. Health Dept. will provide training and Schools offer venue and audience to train (cadet teachers) and help with scheduling.</p>	<p>Intervention: <input type="checkbox"/> New <input checked="" type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b>          Quantify what you will do (# classes, # participants, etc.)</p> <p>Goal: To train at least 10 new students between all three high schools each year.</p> <p>Goal: To present to all nine elementary</p>

<p>10/2003 - ongoing</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention  (individual or participant based)  <input type="checkbox"/> Community-change Intervention  (community or population based)  <input type="checkbox"/> System-change Intervention  (change in policy, law, structure, or entire organization)</p>	<p>Other Agencies:</p> <ul style="list-style-type: none"> <li>Schools will allow training to take place during cadet teaching classes and allow students to teach lesson to youth ranging in ages between 5<sup>th</sup> – 9<sup>th</sup> grade</li> </ul>	<p>schools and middle schools at least once per year</p> <p>Goal: To present to drivers education classes at least 2 times/year</p> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>Students will be encouraged not to use alcohol.</li> <li>Students will become educated about the negative consequences of alcohol on the body if abused and used before the age of 21</li> <li>Students will share this information with a family member when they go home and may encourage them to drink more responsibly.</li> </ul> <p><b>For Ongoing and Completed Interventions - Progress to Date:</b>  Quantify what you have done (# classes, # participants, etc.)</p> <p>Twenty-five teens have been trained since December 2003. The group has presented to approximately 300 people since January 2004.</p> <p>This year (2005-2006), 90 students were reached through 3 presentations in the Drivers' Education program. Next year's goal is to reach all the classes.</p> <p>A dinner was held for TABU 21 participants and their parents to elicit support and advocacy from parents. Six students and 8 parents attended in January 2006.</p> <p>2006 - 2007</p> <ul style="list-style-type: none"> <li>Students to see the program: 427</li> <li>Adults to see the program: 54</li> <li>Students trained: 6</li> </ul> <p>2007 - 2008</p> <ul style="list-style-type: none"> <li>Students to see the program: 163</li> <li>Adults to see the program: approx. 10</li> <li>Students trained: 40 students</li> </ul> <p>Quantify the health outcomes achieved (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>Alcohol rates will decrease by 5% (based on the baseline survey completed in spring 2009) (Refer to evaluation methods mentioned below)</li> <li>We are in the process of conducting a survey of 9<sup>th</sup>, 10<sup>th</sup> 11<sup>th</sup> &amp; 12<sup>th</sup> grade students at four high schools to be surveyed on a yearly basis about a variety of substances abuse questions and plan to have at least 80% return the questionnaire.</li> </ul>
---	--	---

<p><b>5. Intervention:</b> Host Healthy Living Mini Camps to provide substance abuse prevention education</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009-June 2012</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention (individual or participant based)  <input type="checkbox"/> Community-change Intervention (community or population based)  <input type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Smoky Mountain Prevention Services</u>. This agency will contract with providers to teach the substance abuse programs</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>Pigeon Community Development Center, which serves the African American community, will be the pilot location for mini camps.</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>Provide healthy mini camps to at least one summer camps</li> <li>Goal is to reach at least 25 youth</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>Maintain 80% attendance throughout the week of the camp</li> <li>Goal is that after experiencing program, youth will make healthier choices: choose not to smoke, consume alcohol until 21, wear sunscreen, live healthier, exercise more and reduce stress.</li> <li>Secondary Goal: take information home and share with family</li> </ul>
<p><b>6. Intervention:</b> Support community efforts to establish a new Suboxone Tx</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009 – June 2012</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention (individual or participant based)  <input checked="" type="checkbox"/> Community-change Intervention (community or population based)  <input type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Mountain Top Healthcare</u>. This agency will coordinate the training and will make contacts with doctors to explore interested doctors to be trained.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>Once certified, Mountain Area Recovery will begin receiving patients.</li> <li>Once certified, Hazelwood Family Medicine begin receiving patients.</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>Goal: One training in a four year period</li> <li>Train at least two doctors</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>4 Doctors will be certified in recovery tx – able to help more patients in need</li> </ul>
<p><b>7. Intervention:</b> Provide Merchant Education to local businesses regarding laws and show support to those currently adhering to the laws regarding alcohol and tobacco</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy):</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention (individual or participant based)  <input type="checkbox"/> Community-change Intervention (community or population based)  <input type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Health &amp; Wellness Trust Fund</u>. This agency will help coordinate /connect with ALE &amp; ATF to help teach and provide some funding for food</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>Haywood County Health Dept./Healthy Haywood will help coordinate the venue for event and provide some funding for food</li> <li>Smoky Mountain Center Prevention will help organize and promote</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><b>For New and Ongoing Interventions:</b> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>Goal: to provide at least two events within a four year period</li> <li>Goal: to have at least 15 merchants attend the event</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>Tobacco sale rates in Haywood County will decrease by 5%</li> <li>Merchants will be recognized for their support</li> <li>All merchants will be more educated about the current laws and consequences</li> </ul>

<p><b>8. Intervention:</b> Create a resource list of all substance abuse support interventions and distribute to the community in print and website form.</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009 – June 2011</p> <p>Level of Intervention:  <input type="checkbox"/> Individual-change Intervention (individual or participant based)  <input checked="" type="checkbox"/> Community-change Intervention (community or population based)  <input type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Smoky Mountain Prevention Services</u>. This agency will help compile list based on attendance at lunch and learn (Intervention #1)</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>▪ Haywood County Health Dept. will put info. on website and help distribute the list./info.</li> <li>▪ Haywood Community Connections will put list on their website</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><i>For New and Ongoing Interventions:</i> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Info. will be posted on at least three websites in the county</li> <li>• Info. will be sent to three newspapers for publishing</li> <li>• Info. will be send via e-mail to Healthy Haywood member list to use and pass along</li> <li>• Resource guide will be update and redistributed at least twice a year (corresponding with lunch and learn)</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• Resource list will be distributed to two additional places each year</li> <li>• The community will be more aware of Sub. Abuse resources in the community</li> </ul>
<p><b>9. Intervention:</b> Coordinate dialogue to promote the recognition and recording of more accurate and thorough data about the scope of substance abuse disorders in Haywood County.</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy): June 2009 – June 2011</p> <p>Level of Intervention:  <input type="checkbox"/> Individual-change Intervention (individual or participant based)  <input checked="" type="checkbox"/> Community-change Intervention (community or population based)  <input checked="" type="checkbox"/> System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is Haywood County Health Department. This agency will contact emergency rooms, law enforcement, and medical examiners to document their current process for collecting data for overdoses and substance abuse related deaths.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>• Meridian Behavior Health, Emergency room directors/staff, and law enforcement will participate in the discussion.</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><i>For New and Ongoing Interventions:</i> Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Will contact at least three sources for data</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• 4 different agencies will be represented during the discussion</li> <li>• Agencies mentioned may record statistics differently to have more accurate data about substance abuse</li> <li>• Bring more awareness to the community about true statistics regarding substance abuse</li> </ul>
<p><b>10. Intervention:</b> Develop a policy to administer Alternative to Suspension (ATS) program for students who get caught using tobacco and Not On Tobacco (NOT) for students who voluntarily want to quit.</p> <p>Setting: Schools</p> <p>Start Date – End Date (mm/yy): June 2009 – June 2011</p> <p>Level of Intervention:  <input checked="" type="checkbox"/> Individual-change Intervention (individual or participant based)</p>	<p>Lead agency is <u>Haywood County Schools</u>. This agency will support the Alternative to Suspension program and adopt as a policy. NOT will be supported by schools by allowing students who voluntarily want to quit the opportunity to be part of the program.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>▪ Health &amp; Wellness Trust Fund will help provide funding training for N.O.T (Not On Tobacco) and A.T.S. (Alternative to Suspension) and can help coordinate the programs and write grants to request extra</li> </ul>	<p>Intervention: <input checked="" type="checkbox"/> New <input type="checkbox"/> Ongoing <input type="checkbox"/> Completed</p> <p><i>For New and Ongoing Interventions:</i> Quantify what you will do (# classes, # participants, etc.)</p> <p>GOAL:</p> <ul style="list-style-type: none"> <li>• Will hold one N.O.T session per year</li> <li>• Goal in N.O.T. – 5 students per year</li> <li>• Goal: ATS program will reach at least 10 students per year</li> <li>• Goal: within a four year period, less students will be using on school campus, so each year, less students will be enrolled in the program</li> </ul> <p>Quantify the expected health outcomes</p>

<p>___ Community-change Intervention (community or population based)        ___X_ System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>funding.</p>	<p>(changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• 2 students will quit using tobacco as are result of the classes</li> <li>• Fewer youth will use tobacco</li> <li>• Youth will be more educated about the effects of tobacco on the body</li> </ul>
<p>11. <b>Intervention:</b> Provide Community forum to increase awareness and provide education about various substance abuse topics</p> <p>Setting: Community</p> <p>Start Date – End Date (mm/yy):        June 2009 – June 2012</p> <p>Level of Intervention:        ___ Individual-change Intervention (individual or participant based)        ___X_ Community-change Intervention (community or population based)        ___ System-change Intervention (change in policy, law, structure, or entire organization)</p>	<p>Lead agency is <u>Smoky Mountain Center</u>. This agency will coordinate and organize the event/venue/speakers etc.</p> <p>Other agencies:</p> <ul style="list-style-type: none"> <li>▪ Law enforcement will be a speaker at the event</li> <li>▪ Haywood Regional Hospital will be a speaker</li> <li>▪ A school system representative will be a speaker</li> <li>▪ TRU (Tobacco Reality Unfiltered) youth will speak at the event</li> <li>▪ Healthy Haywood will help promote the event</li> <li>▪ NC Spit Tobacco will be a guest speaker</li> </ul>	<p>Intervention: ___X___New ___Ongoing ___Completed</p> <p><b>For New and Ongoing Interventions:</b>        Quantify what you will do (# classes, # participants, etc.)</p> <ul style="list-style-type: none"> <li>• Provide a forum twice a year</li> <li>• Goal: at least 25 people attend the event</li> </ul> <p>Quantify the expected health outcomes (changes in participant's behavior or health status, policies implemented, etc.)</p> <ul style="list-style-type: none"> <li>• 80% of the people who attend the forum will complete and evaluation survey and respond that they will be able to use he information offered during the event</li> <li>• Community will be more informed about the substance abuse topics of focus</li> <li>• Community will be more informed of resources in the community and what is already being done to work on the problem.</li> </ul>
