

## In Case Of An Emergency:

**Toothache & Abscess-** Make sure area is cleaned well. Apply cold compress and get to dentist ASAP. Antibiotic therapy may be necessary. *Do Not Place Aspirin* on toothache site because it may cause burning.

**Broken Tooth:** Find broken piece of tooth and get to dentist ASAP. Place cold compress on area.

**Knocked Out Permanent Tooth:** Pick up tooth by crown, (not root portion). Place tooth in cold milk and get to dentist ASAP.

**Cut Tongue:** Place cold cloth on injured area and apply pressure to stop bleeding. If bleeding does not stop, seek medical attention.
